Kim & Kanye BABY #2 At Last

AND IN TRUE KARDASHIAN STYLE,
SHE ANNOUNCED IT ON TV.

I just got the blood test back, and I am pregnant!" a beaming **Kim Kardashian** told sister **Khloé** in a short teaser following the May 31 midseason finale of *Keeping Up with the Kardashians*. The very public announcement served as a happy culmination for Kim and husband **Kanye West**, who have been candid about their struggle to conceive in the two years since daughter North West was born. But some have questioned the timing of their big reveal, which came on the eve of **Bruce Jenner**'s hotly anticipated disclosing of his new name — Caitlyn — and his new, feminine look on the cover of *Vanity Fair* magazine (for more on Caitlyn, see p. 42). Could Kim be trying to steal her former stepdad's thunder?

For their part, Kim, 34, and Kanye, 37, are too overjoyed to respond to the criticism. "They are beyond happy right now," an insider says. "They really wanted Nori to have a sibling close to her age — but it got to the point where they honestly questioned if it would happen. Kim has been praying every night for another baby, and now her dreams have come true!"

Still, Kim's first pregnancy was notoriously difficult — from health scares to questionable maternity fashions to excessive weight gain — and friends say she's obsessed with making sure this time is different. "She had no idea what she was doing during the last pregnancy, and she let Kanye make all the decisions — including picking some of those ill-advised outfits," a source says. "But not this time! She swears she won't wear anything ridiculous, fishnet or see-through. Kim says this will be 'positive and simple.'" ★

GROWING AND GLOWING

By the end of her last pregnancy, Kim had gained a reported 70 lbs. "But this time she's determined to be as healthy as possible," a source says. "Her goal is to gain 30 lbs. max."

HOMEWRECKER JANUARY FLAYS BOBBY'S MARRIAGE!

IN A BID TO UP HER \$5,000-A-MONTH ALIMONY PAYMENTS, THE CHEF'S EX IS BRANDING BOBBY A CHEATER — AND CALLING OUT HIS MISTRESS.

BOBBY FLAY is about to be skewered in divorce court by his estranged wife, **Stephanie March**. The *Law & Order* actress is trying to challenge their prenup by claiming in legal documents that Bobby cheated with three women, one of whom is notorious Hollywood homewrecker **January Jones**!

"January will never admit it, but Stephanie's divorce testimony tells it all," explains a source close to Stephanie. "She goes into a lot of detail, including where and when Jan and Bobby hooked up."

Romance rumors between Bobby and January ran rampant in 2010, when *Star* revealed that he came to her rescue after she crashed her Range Rover

into two parked cars. But the Food Network star claimed he'd only met January once — to remodel her kitchen. But Stephanie insists that January was after a new conquest — not new countertops.

"January doesn't think of the family she could break up or the wife who will be shattered," adds the insider. "She's very selfish in that way."

And this may not be the first time she's brazenly targeted a taken man. The frosty *Mad Men* beauty is widely believed to have caused the demise of **Miley Cyrus** and **Liam Hemsworth**'s engagement, after paparazzi caught her and a boozy Liam leaving a party in L.A. And while she's never named the father of her 3-year-old son, Xander, the

pervasive theory is that it's her *X-Men: First Class* director, **Matthew Vaughn**, who's married to **Claudia Schiffer**.

Los Angeles-based attorney Kelly Chang Rickert, founder of the Law Offices of Kelly Chang, says that Stephanie's pointing at January as Bobby's mistress was a bold — and unusual — move. "It's uncommon for celebrities to expose one another in these types of suits, because it could lead to defamation lawsuits, and no one wants to be sued," says Rickert. "January could be deposed as to the nature of her relationship with Bobby and how much money he spent on her, and then he may have to repay that. I think Stephanie is doing this mainly to damage January's reputation." *

Paula Deen

Going Broke!

"Paula filmed her Food Network shows in that house," says the insider. "It's a constant reminder of how much she's lost."

FOR SALE: \$12.5 MILLION

Paula Deen ain't bringin' home the bacon like she used to. The TV chef, who saw her empire crumble in 2013 after she and her brother were sued for racial discrimination and sexual harassment, has been forced to put her eight-bedroom Savannah, Ga., mansion on the market. "Paula's earning days seem to be over, and she's feeling the money crunch," explained an insider. Paula's team denies the report, saying she's "doing better than ever," but *Star*'s tipster disagrees: "She needs a major cash infusion, and selling her beloved home is the quickest way to get her hands on some money." Food Network and QVC dumped Paula after the scandal, and endorsement and licensing deals quickly dried up — but her spending hasn't. "Paula spends like she's pulling in \$15 million a year, but she isn't...not by a long shot," adds the insider. "Paula's plan is to relocate to New York City so she can hustle venture capitalists and media buyers to get cash infusions for her web network." But given that she's become a pan-fried pariah, you'd butter believe that's going to be an uphill battle! ★

KIM REFUSING REHAB

After ruining her daughter **Brooke's** May 23 wedding in Mexico, **Kim Richards** has finally slunk back to L.A. — but not to treatment.

"She suffered a huge relapse at the wedding and was mixing booze and pills, [but she] is refusing to reenter rehab," revealed an insider.

Brooke hasn't spoken to her mom since the nightmare nuptials, and now a source tells *Star* that Kim's sister **Kathy Hilton** may fill in for her on *The Real Housewives of Beverly Hills*: "The producers don't want Kim back until she gets her act together," says the tipster. "But Kathy knows Kim needs the money and that if she doesn't step in, Bravo will replace her permanently." *

KYLIE KRASHES CANNES!

So much for sisterly love! In typical teen fashion, **Kendall Jenner** didn't want her attention-hungry little sis **Kylie** tagging along to the Cannes Film Festival, complaining that she isn't "worldly" enough to hang with her jet set pals like **Cara Delevingne** and **Gigi Hadid**.

"Kylie had her bags packed, but at the last minute, Kendall said she didn't want her coming," dishes a friend. "She said Kylie's

A

presence would reflect poorly on her."

But Kylie, along with her rapper beau **Tyga**, came anyway, much to the ire of her annoyed sibling. "Kendall is trying to further her career and come off as sophisticated," adds the pal, "and between Kylie's lip injections and tattooed boyfriend, Kendall doesn't think her sister fits that description at all." *

STARS TALK TO STAR / RHOC'S MEGHAN KING EDMONDS

The Real Housewives of Orange County has a new blonde beauty in **Meghan King Edmonds**. The Missouri transplant is married to baseball star **Jim Edmonds** and is throwing the O.C. ladies a curve! "My husband has known **Heather Dubrow** for years, so it made sense to integrate into her circle," Meghan tells *Star*, calling Heather "loyal" and her go-to friend for advice. But show veteran **Vicki Gunvalson** is another story. "She's manipulative and twists things," says Meghan, who will clash with Vicki this season over her boyfriend Brooks' supposed cancer diagnosis. "I think he is faking it."

Not surprisingly, the frenemy of her enemy is her friend.

"**Tamara [Judge]** has her moments, but she's one of the most humble people I know," says Meghan, who also enjoyed getting to know "quirky" **Shannon Bador** and "steadfast" **Lizzie Rovsek**. And while she promises that viewers are getting the real her, she warns that she may rub some people the wrong way: "I've always been opinionated. Ever since I learned how to talk!" *

Tune in to the season 10 premiere on Monday, June 8, at 9PM on Bravo.

"I bring twists and turns that viewers will appreciate," says Meghan.

JESSICA & MATT'S MONEY BATTLE

Both **Matt Damon** and **Jessica Chastain** are talented award winners — but apparently, they're not worth equal pay. An insider on the set of their new flick *The Martian* reveals that Matt is earning nearly *four times* as much as his redhead costar. "Matt's getting \$25 million for this role, with Jessica earning around \$7 million, even though Jessica is really in demand and worked just as hard on the film," says the source. But Jessica, fearful of being labeled difficult to work with and having roles dry up, is being diplomatic about the inequity. "She does think it's unfair, but figures it's simply a case of Matt's team negotiating better than hers," explains the insider. "And while Matt is embarrassed by the disparity, he's not about to turn down the extra cash." ★

Just Asking...

This iconic rocker was at his band's after party in L.A. when *Star*'s spy saw him huddled in a back room, leaning over and snorting something off a key — and he wasn't alone. MILA'S STALKER NIGHTMARE

Mila Kunis and **Ashton Kutcher** are beefing up security after learning that a man twice convicted of stalking Mila has escaped from a mental hospital. Police confirmed that on Saturday, May 30, at around 8 p.m., Stuart Lynn Dunn made an "unauthorized departure" from a mental facility in Pomona, Calif., and as of press time, the manhunt is "in progress and ongoing." In 2012 Dunn was arrested for breaking into Mila's home and later that year was nabbed again for following her to the gym. "Mila's completely freaked out," says a close source. "This guy made her life a nightmare, and even after he was caught she was on edge for months afterward. Now that he's out again, she's scared to even leave her house." ★

The breakup was a shock to fans, but *Star* readers knew the real story.

IT'S OFFICIAL!

Chris & Whitney CALLING IT QUIT!

No happily ever after for Prince Farming and his “perfect” princess.

IT'S sad when any engaged couple doesn't make it to the altar, but in the case of “Prince Farming” **Chris Soules** and **Whitney Bischoff**, it's a crying game for millions of fans left wondering: What went wrong?

The couple seemed perfect when they met and fell in love on *The Bachelor*. When Chris, 33, got down on one knee and proposed, the romance was picturesque. Fans even applauded when Whitney, 29, decided to follow

her man to his tiny hometown in Iowa. There was just one last hurdle to clear before they lived happily ever after: Chris' appearance on *Dancing with the Stars* — which, in the end, proved too big of a test for a new love.

While the breakup may be a shock to some fans, *Star* reported there was trouble brewing back in April, after an eyewitnesses spotted Chris making time with the wrong Whitney at a party in L.A. “Chris spent the entire

night flirting with **Whitney Carson** [his *DWTS* partner] and ignoring Whitney, his fiancée,” said a partygoer.

Although the couple issued a statement saying that they'd parted “mutually and amicably,” an insider tells *Star* that it is anything but cordial for Whitney Bischoff. “She is devastated and feels really betrayed,” says the source. “Chris isn't the Midwestern gentleman he wants the world to believe.” ★

George To Amal: YOU'RE UPSTAGING ME!

REVIEWS and ticket sales for **George Clooney**'s latest flick, *Tomorrowland*, have been dismal. But while the film has flopped, his wife **Amal**'s red carpet appearances have been stellar, and sources say that Gorgeous George, 54, isn't taking that well. "George isn't used to playing second fiddle. He acts as though he's laid-back, but he's very irritable at the moment," says a close insider. "He never imagined he'd feel overshadowed. Now it's happening — and he's discovered he doesn't like it at all." According to the source, the star is slipping back into the same kind of moody funk he did after his last bomb, *Monuments Men* — and his 37-year-old wife is feeling the brunt of it. "He has a huge fear of becoming irrelevant," explains the pal. "Amal tells him to stop being ridiculous, but he can't help himself. He's starting to complain about petty stuff, and it's getting old. Amal understands that he's under tremendous pressure, but she doesn't want her moment to be dulled by his petulant behavior." *

Paris Jackson's HIGH SCHOOL SWEETHEART

Paris Jackson is living proof that love really can heal a broken heart. The 17-year-old daughter of Michael Jackson was severely depressed and suicidal for years after The King of Pop's 2009 death. Now she's fallen for **Chester Castellaw**, an 18-year-old semipro soccer player, and she's smiling more than ever. "He's the first person she's opened up to since her dad died," says an insider. "Chester is proving to be a solid rock." One of the teen couple's favorite activities: romantic horseback rides. Here's hoping they ride off into a perfect sunset! *

Alex & Margot REAL-LIFE TARZAN & JANE?

They come from different worlds: He's a wild Swedish playboy; she's an Australian bombshell in a relationship. But that didn't stop **Alexander Skarsgård**, 38, and **Margot Robbie**, 24, from making out last January at the Sundance Film Festival, and sources say they're heating up again as they prepare to hit the road to promote their film, *Tarzan*. "They quickly called it quits back in January because of Margot's relationship with **Tom Ackerley**, but now that they're touring together again, they've started texting up a storm," says an insider. That's bad news for Alex's new girlfriend, **Alexa Chung**, 31, and Tom, who the source says is "out of sight, out of mind" when it comes to Margot's affections. *

Leo & Miranda THEY CANNES DO IT...FOR OLD TIME'S SAKE

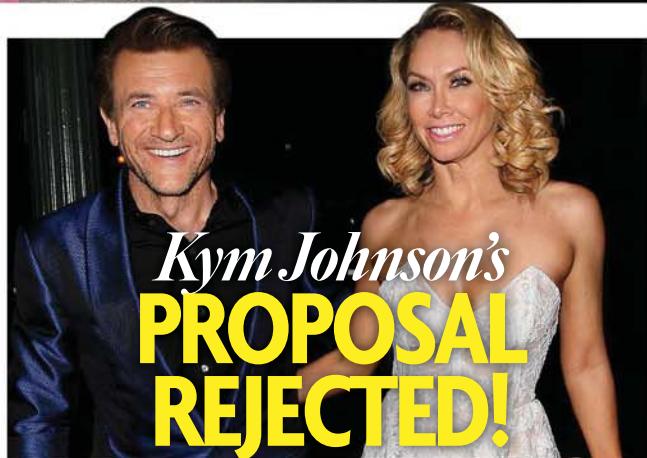

THE fabled romance of the French Riviera worked its magic on **Miranda Kerr** and **Leonardo DiCaprio**, who got, um, cuddly — again — during the Cannes Film Festival. Sources tell *Star* the couple slipped away from the crowds to spend some alone time on Leo's private yacht, making it their second love connection since Miranda's split from **Orlando Bloom** in 2013. "Miranda has always been attracted to bad boys, and she knows she'll never tame Leo, but she just can't help herself — she's had a crush on Leo since she was a teenager." One person who won't be happy when the secret gets out is Orlando. Sources say he's been pining over the 32-year-old Aussie model and thinking about a reunion. Adding insult to injury, he and Leo, 40, became buds the night Orlando, 38, took a swing at **Justin Bieber** — for talking about Miranda! "Orlando will be furious when he finds out about Leo and Miranda," says the insider. "But Miranda doesn't care." Hey, why should she? ★

Aubrey & Travis BOOT CAMP FAIL

Grab a tissue! On May 28, *Marriage Boot Camp: Reality Stars'* **Aubrey O'Day**, 31, and her rocker beau, **Travis Garland**, 25, were noticeably absent from the season premiere party, and sources tell *Star* it's because the two called it quits shortly after they finished taping the show. "They signed on in hopes of learning how to respect each other more and for Travis to let go of his jealousy issues, but that never happened," says an insider. "Things are so bad, they couldn't even fake being happy in the same room together for five minutes, let alone act like a couple." There's always next season! ★

**OH,

Kym Johnson's **PROPOSAL REJECTED!**

It doesn't look like *DWTS* duo **Kym Johnson** and **Robert Herjavec** will be waltzing off into the sunset anytime soon. Insiders tell *Star* that, though they've been dating only a few weeks, marriage-minded Kim, 38, jumped the gun and proposed to the *Shark Tank* businessman during a steamy weekend in Paris — and was turned down. Now the Aussie beauty is worried her giant misstep may lead to a breakup, since Robert, 51, just announced his separation from **Diane Plesse**, his wife of 25 years, in March. Though Kym's rep denies she proposed, the source insists that the alleged proposal "left Robert shocked. He wasn't ready for that, and things are pretty awkward now." Oops, sounds like poor Kym may have put her foot in her mouth. ★

JLaw's LOVE TRIANGLE

Jennifer Lawrence, 24, must have some real-life *Mystique* — because she's got not one but two handsome Brits vying for her attention on the Canadian set of *X-Men: Apocalypse*. First up is ex-boyfriend and costar **Nicholas Hoult**, 25, who was Jen's boyfriend (and original recipient of all her leaked sexting pics) for three years, until they split seven months ago. "Nick is determined to win her back," says an insider. "He's hoping that during filming, he'll win her heart again." Nick's competition, fellow English countryman and Jen's current boyfriend **Chris Martin**, 38, is making regular visits to the set — and quite an impression on Jen. "She's really into Chris," says the source. May the best Brit win! ★

THREE'S A CROWD

Emma & Evan BREAKUP OVER HIS JEALOUSY

They don't call jealousy the Green Monster for nothing.... Just ask **Emma Roberts**, who finally had to call it quits with boyfriend **Evan Peters** because he couldn't control himself when it came to her friendship with **Dave Franco**. Evan and Emma, 24, already had a tumultuous relationship, but when she got close to Dave, 29, on the New York City set of their movie *Nerve*, insiders say Evan, 28, lost it — and ultimately lost Emma too. "They were arguing, and he accused her of having feelings for Dave," reveals an insider. "Emma slammed him for not trusting her, and said if he didn't trust her by now, then he never would. They're over." ★

Kate's DANGEROUS BEAU

Michelle Jones, the ex-wife of **Kate Gosselin**'s new boyfriend, millionaire **Jeff Prescott**, 51, swears she's on good terms with him, but it wasn't always so. In newly uncovered divorce documents, she claims the hotheaded businessman's behavior became possessive and "scary" after their separation, leaving her no choice but to apply for a restraining order in 2005. And while the order was denied, Kate's friends worry that the 40-year-old mom of eight could be getting in over her head. "After she found out about Jeff's troubles, Kate asked him about it, and he said it wasn't a big deal," says a source. "And she believed him. Kate's crazy about Jeff and not worried at all that he might become violent with her." One person who might not be too happy with the matriarch's choice in men? Kate's ex-husband, **Jon Gosselin**, 38. "He doesn't want this guy anywhere near his kids," says a family insider. "No one would be shocked if a new custody battle happens as Kate's relationship with Jeff gets more serious." ★

KIDS: North West, 2

As Kim struggled to finally conceive baby No. 2, one would think that she adored being a mom. But her schedule hasn't changed much since having North. "Kim treats North more like an accessory than a daughter," says a source. "She dresses her in high-end designer outfits and drags her to fashion shows every hour of the day. North can't sit quietly for more than three minutes — so she throws tantrums causing huge disruptions." Kim is also adamant about creating me time for herself, which includes morning workouts, glam sessions and afternoon lunches with friends. Poor baby!

The comedian, currently in the midst of an ugly custody battle with wife **Michelle Rounds**, is using social media, and some say Dakota, to prove what a great mother she is. "Rosie is always putting pictures of Dakota online just to mess with Michelle, when the truth is the exact opposite," explains a source. MOM: Duchess Kate, 33
KIDS: George, 22 months, Charlotte, 1 month

Anyone who sees little Prince George with his parents can tell he is not only a happy little fellow but very confident and well-adjusted. "Kate is really is the most hands-on royal mom ever. She makes sure George plays with ordinary little kids at the park and puts him to bed herself," says a palace insider. "She reads to him and plays with him as much as her busy schedule allows. Despite being the mother of 19 kids, Michelle may be setting new standards in backward parenting. Not only did she help cover up eldest son Josh's molestation of his younger sisters, but newly revealed police reports charge that she beats them with a rod when they misbehave. Not to mention the national outrage in March when her youngest, Josie, was photographed playing near a gun on the ground. "It's quite scary how open Michelle is about letting the kids play with and use guns," says an insider. "It's a miracle nothing terrible has happened yet."

She kept telling him how bad hitting was and that it's not OK under *any* circumstances. She was tough!" No wonder Charlize plays a fierce warrior named Furiosa in *Mad Max: Fury Road*!

EVALUATION: Violence has to be nipped in the bud.

MOM: Naomi Watts, 46

The Australian actress has let her career get in the way of spending time with her kids, filming four movies already this year. "When Naomi does find the time to be with her boys, she's usually pretty exhausted. She's so stressed out by work that her nerves are shot," a friend tells *Star*. "They're very active young boys with a ton of energy, and they can be hard to control. Naomi used to be a lot more playful with them, but these days she's just stretching herself way too thin."

But then came disturbing reports June was dating a man who allegedly molested her eldest daughter, Anna, leading to the hit show's cancellation. "Mama June is pretty much the worst mom out there — and the laziest," says an insider. "She is completely selfish and makes no sacrifices for them. Those poor kids deserve better!"

"Mariah has a team of nannies to take care of her kids, but once the twins get emotionally attached she fires them," explains a source. "One time she fired a nanny because the twins wouldn't let go of her long enough to kiss Mariah good-night. They cried and screamed when she tried to hug them, and she got really mad. She basically punishes the nannies for being too good at their job." Oh, Mariah!

KIDS: Mady and Cara, 14; Aaden, Hannah, Collin, Alexis, Joel, Leah, 11

The notoriously controlling mother of eight has pushed her kids around so much, her eldest daughters pulled the silent treatment during a segment for the *Today* show out of spite. "Kate was mortified about the way Mady and Cara made her look like a terrifying mother, but that's what she is," a source explains. "She is constantly yelling at her children; they are like little robots. Kate acts more like a drill sergeant than a mother, and the kids are just miserable."

EVALUATION: Moms who scare their kids shouldn't dole out advice on motherhood.

D-

MOM: Jessica Alba, 34

KIDS: Honor, 6, Haven, 3

Motherhood made Jessica really want to give the best to her own daughters, but she found mass-market diapers, food and toys unhealthy. So she started her own company to produce toxin-free baby products. "When I became a mom, I finally became the person I am, that I always should have been," she says. "It's the most satisfying job in the world. But it can also be overwhelming and confusing. I created The Honest Company to help moms and to give all children a better, safer start."

EVALUATION: She's a mom for all babies!

Walking Away

After nearly a decade of marriage, Ben Affleck and Jennifer Garner kept their hands to themselves during an unhappy stroll in L.A. this April.

Jen & Ben \$120 Million Divorce: “SHE’S DONE!”

JENNIFER GARNER PULLS
THE PLUG ON HER
MARRIAGE TO BEN AFFLECK
ON THE EVE OF THEIR
10-YEAR ANNIVERSARY.

REFUSES
TO DEAL
WITH HIS
PROBLEMS

Betting It All

Bad boy Ben's ongoing gambling and drinking problems helped lead wife Jen to put the kibosh on their marriage — and she intends to make him pay.

AFTER almost 10 years and three beautiful kids, **Ben Affleck** and **Jennifer Garner** are among Hollywood's most enduring A-list couples. Yet as *Star* has previously reported, below the seamless surface, their marriage has been a roller coaster almost from the start, and sources close to the couple say the pair are finally finished, with a divorce announcement imminent.

"Jen is done with Ben," one insider put it bluntly. "Expect them to officially announce their divorce before their 10th wedding anniversary, on June 29th."

The demise of the marriage is the result of an accumulation of problems, and the slow build has only fueled the fire. A newly toughened-up Jen, exhausted after years of Ben's bad-boy ways, reached her limit several months ago. Since then, they've been basically living apart.

And after a decade of feeling like she's been the one holding the family together, Jen, 43, is prepared to claim as much of the imploding couple's \$120 million fortune as she can get — and full custody of their three kids.

A LONG TIME COMING

In Ben's 2014 Oscar acceptance speech for his film *Argo*, he tearfully told Jen, "You are my everything." Yet he's seemed incapable of settling down ever since their 2005 wedding. His gambling has been a constant source of frustration for Jen, as is his drinking. (A stint in rehab, in 2001, didn't take.) And then there were the constant rumors of his fixations on other women (see below).

The couple have already tried marriage counseling, and Jen has begged Ben to rein in his partying and playboy inclinations many times. "He sucks up

and apologizes, and she forgives him — until it happens again," says a source. And while he loves his family, friends say restless Ben, 42, has always felt "cooped up" in their Pacific Palisades ranch house. "Half the time, he doesn't even bother coming home anymore," says an Affleck insider. "He crashes at **Matt Damon**'s place or even checks into hotels. He'll meet up with his buddies or drink at the bar alone, without so much as a thought for his wife."

The final shreds of the relationship unraveled this spring. In April, Ben jetted to a remote Buddhist monastery in Canada to "get his head straight." During his soul searching, he took off his wedding band, flaunting his bare ring finger — on his wife's birthday. He had finally admitted to himself that it was over.

SHE WANTS IT ALL

Shortly after they conceded that their marriage was beyond repair,

Jen flew to New York on business, leaving Ben on daddy duty. On May 14, which was a school night, Ben ditched the kids with a nanny and split to Las Vegas, where he was spotted playing poker till 3 a.m. For Jen, his absence only reinforced an arrangement they'd already agreed on: "Ben will let Jen have custody. Having the kids full-time isn't something he's capable of handling," says *Star*'s Jen source. What they have yet to agree on is how to divide their assets — including a home that, by itself, is worth \$17.5 million.

"They didn't sign a prenup, so Jen will fight for as much money as she can," says the source. "She's put her family first, and she thinks she should be rewarded for that. She's known for her sweet, girl-next-door persona, but she's preparing to do whatever it takes. Ben's about to meet his match. When this is all over, Ben's will lose way more than gambling money." *

HIS TOO-CLOSE COSTARS

Ben was instrumental in casting his future wife, **Jennifer Garner**, in *Daredevil*, and he's notorious for casting actresses he gets scandalously close to. He flirted fiercely with **Blake Lively** while filming 2010's *The Town*, scheduling their sex scene for the first day. Based solely on her naked performance in the "Blurred Lines" video, he suggested **Emily Ratajkowski** play his mistress in the 2014 hit *Gone Girl*. Now cutie **Anna Kendrick**, Ben's costar in the upcoming *The Accountant*, is suspected

of being his latest fascination. In April, Jen reportedly intercepted emails between the two and demanded to know if Ben was cheating, prompting yet another huge fight. His most infamous infidelity? In 2003, with a wedding to **Jennifer Lopez** imminent, he was caught enjoying a drug-fueled spree with a bevy of strippers.

THE name watch is over — and you can call her Caitlyn! In a photo shoot with renowned photographer Annie Leibovitz, Caitlyn (née Bruce) Jenner, 65, donned evening gowns and lingerie for a *Vanity Fair* magazine cover story. But fans will remember that *Star* broke the story of the Olympic hero's decision to transition long before anyone else. While Caitlyn hasn't had the final surgery to become a woman, she did finally start using the female pronoun and establish a Twitter account. The significance of the moniker is still a mystery — but the spelling, however, with a defiant C, could be taken as a kiss-off to ex-wife Kris, 59. While sources say Kris's reaction to the *VF* cover was, "I'm still prettier than her," there's now buzz about Caitlyn making appearances on *The Real Housewives of Beverly Hills*. Here are some snippets from the *Vanity Fair* set. ★

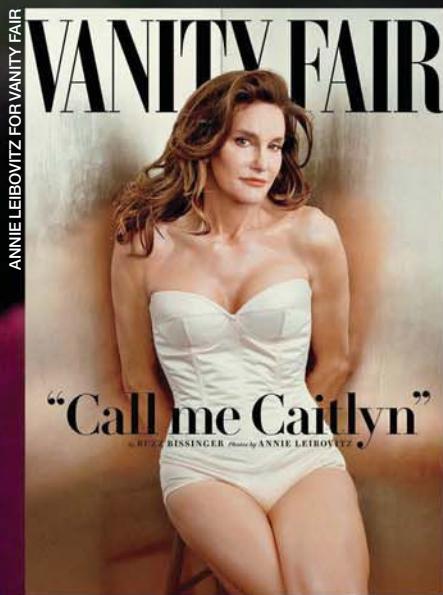

For the photo shoot at her new Malibu home, Caitlyn gets a hairstyle touch-up as photographer Annie Leibovitz looks on.

STAR STARTED IT ALL!

OCTOBER 2013

CONTESTANT COREY STANSELL APPEARS TO HAVE HIDDEN THE FACT THAT HE'S BEEN MARRIED BEFORE FROM THE SHOW'S PRODUCERS AND KAITLYN BRISTOWE — PERHAPS WITH GOOD REASON. IT'S ONE OF THE MOST BIZARRE BACKSTORIES EVER!

The Bachelorette SECRET DIVORCE SCANDAL

In his official ABC bio for *The Bachelorette*, contestant **Corey Stansell** — the handsome investment banker from New York City — was asked, "What does being married mean to you?" His reply: "Two people agreeing on a long-term vision of life and a family. A partnership with attraction, open communication and ultimate trust." Lovely sentiments, to be sure, and they might endear him to series star **Kaitlyn Bristowe** if she's truly on the hunt for a future husband.

But there's a sad irony to his description of wedded bliss. Missing from his bio — and unmentioned on the show — is the fact that Corey, 30, a Texas native, has

already taken a trip down the aisle. He was briefly married to a sales manager/fitness instructor named Kaci, whom he met while both of them were attending the University of Houston. Unfortunately, their union ended after just 15 months when she filed for divorce.

"Usually, when a contestant on *The Bachelorette* or *The Bachelor* has had a broken marriage, it becomes dramatic material for the series, even in some small way," a show insider tells *Star*. "It's interesting that this isn't the case when it comes to Corey — though he'd have to expect that there would be a good chance of the story coming out after he signed up for the series." And, as *Star* has

learned exclusively, Corey isn't alone in staying mum about the marriage. In one of the strangest backstory twists ever on *The Bachelorette*, Corey's ex is denying they were ever married at all — despite a mountain of evidence to the contrary.

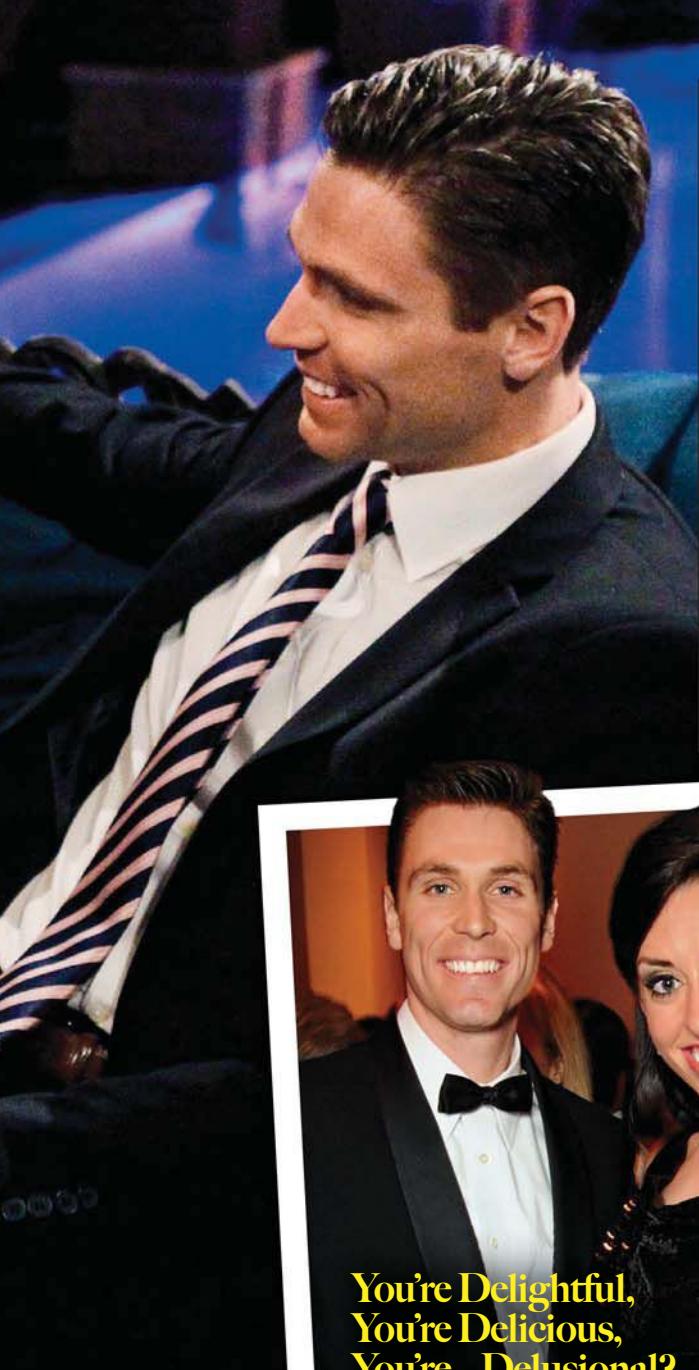

NOT SO SECRET

In July 2010, on her now defunct personal blog, Kaci wrote: "Little did I know, on June 11 as I was posting a blog about fighting wedding fever and trusting that my man would make the best decision for us in due time, he had driven to my home town that day to ask for my father's blessing and for his attendance at our surprise wedding that Corey was planning....

Past Imperfect

"If he wanted to keep his recent failed marriage out of the spotlight, I'm a bit surprised that he would open himself up to scrutiny on such a public forum as a dating show like *The Bachelorette*," a show insider says of Corey (with series star Kaitlyn, above).

That's right, a surprise wedding."

But the biggest surprise of all occurred after *Star* contacted Kaci to ask about her marriage to Corey.

"No, we weren't married," claimed Kaci, 29, who admitted to watching him on *The Bachelorette*. "We met in college and were friends then, but that's it."

Even after being told that *Star* had obtained the divorce documents that Kaci, who lived with Corey in an apartment in Houston, had filed against him in October 2011 (it was finalized that December),

You're Delightful, You're Delicious, You're...Delusional?

Despite *Star's* evidence — including a Houston newspaper photo of "Corey and Kaci Stansell" at a February 2011 black-tie event — Kaci denies they were ever husband and wife.

listing their marriage date as July 3, 2010, she bizarrely insisted, "Nope, not me."

COMING TO COREY'S DEFENSE

In her filing, Kaci asked the court to grant her a divorce because "my spouse and I do not get along and do not plan to live together ever again." And while her strange denial to *Star* about the existence of their marriage kept her from giving

When contacted by *Star* and asked about her brief marriage to Corey Stansell, Kaci insisted they never wed — even after *Star* referenced the Harris County (Texas) District Court documents that showed she filed for divorce against Corey on Oct. 21, 2011, six days after she claimed they had separated, following 15 months of marriage. Kaci also asked the judge to restore her maiden name.

any insight into their relationship, a number of people have spoken up on Corey's behalf — including members of Kaci's own family!

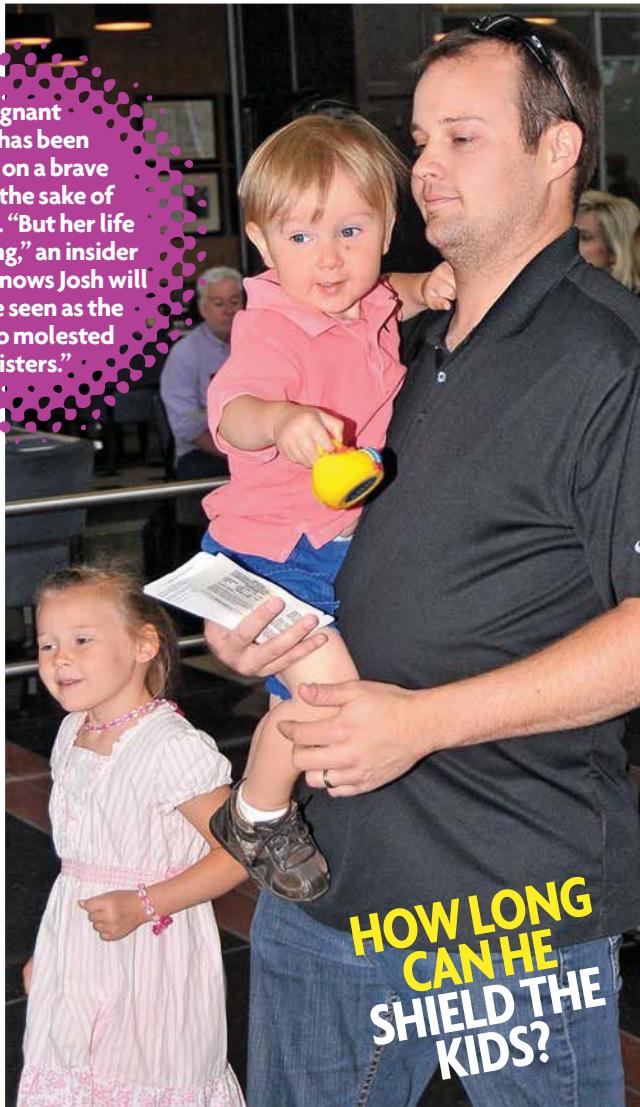

Kaci's grandmother, Alice, recalls the only Thanksgiving Corey and Kaci spent together as man and wife. "He was nice to me," Alice tells *Star*. "He was nice to everyone." And Corey's older brother, Chad Stansell, tells *Star* his sibling "was a perfect gentleman to Kaci and to everyone he's ever been with. Corey has nothing to apologize for."

Finally, Kaci's own former stepmom, Kelly Adams, tells *Star* she believes Kaci was solely responsible for her split from Corey. "In my opinion, she has a conniving personality and can be hard to please," says Kelly. "And I wouldn't be surprised if Kaci married Corey just for his money."

And while Corey has stayed mum on the subject of his ex, *Bachelorette* star Kaitlyn may want to lend an ear to Kelly's opinion of his character. "I saw a positive attitude in Kaci when she was with Corey," says Kelly. "He tried to change her life for the better." As Corey's brother, Chad, puts it, "He can hold his head up high." *

Pregnant
Anna has been
putting on a brave
face for the sake of
her family. "But her life
is crumbling," an insider
says. "She knows Josh will
always be seen as the
man who molested
his sisters."

**THE DUGGAR
SCANDAL**

Josh's Wife: **HER SECRET SHAME**

LEARNING THE TRUTH
ABOUT HER HUSBAND'S
HORRIBLE PAST HAS LEFT
ANNA DUGGAR FEELING
TRAPPED AND ALONE.

JUST days before shocking details emerged about her husband, **Josh Duggar**, sexually abusing five young girls — including his own sisters — when he was a teenager, **Anna Duggar** posted a cryptic quote on Instagram. “The three most beautiful and liberating words in the English language are these: ‘I forgive you,’” her message read.

But as the allegations against her husband have unfolded, forgiveness hasn’t necessarily come easily for the *19 Kids and Counting* wife. While she’s publicly stood by Josh through this crisis, insiders say that Anna — who is seven months pregnant with the couple’s fourth child — is privately humiliated. “She is completely and utterly devastated,” a source tells *Star*. “She knew about Josh’s past, but she never thought any of this stuff would come out. She is trying to be a supportive wife, but the allegations have rocked her world and undermined everything she believed about Josh.”

HOW MUCH DID SHE KNOW?

After the police reports surfaced, Anna, 26, admitted that two years before she and Josh got engaged, he’d confessed the molestation to her and her parents, Mike and Suzette Kelly. “For Josh, he wanted not just me by my parents to know who he really was — even every difficult past mistakes [sic],” she said in a statement.

But even though Josh, 27, tried to come clean about his troubling past — even hinting about it in his sisters’ 2014 book, *Growing Up Duggar*, in which he’s quoted as saying, “As I became a young man, I was constantly tempted to have lots of wrong thoughts and often battled to keep my heart right” — insiders say Anna may not have known the full extent of his abuses. “From what Josh told her at the time, Anna believed that one incident took place when he was very young and he immediately regretted it and confessed his sins,” the source explains. “She thought it was merely youthful curiosity that went too far — something any kid in a sheltered and shut-off community might suffer. But now the police report is all over the Internet, and she can see it wasn’t just one small incident but several — and his youngest alleged victim was only 4! She feels betrayed. He is not the man she thought she married.”

Sources: Josh Was “Betrothed” At 14

In an ironic twist for Anna, Josh could have ended up marrying someone else — until his dark indiscretions resulted in their breakup. Various Internet sources claim that when Josh was just 14, he was “betrothed” to the 14-year-old daughter of a prominent Arkansas politician whose family was close friends with the Duggars. It’s speculated that the identity of the girl in question is likely Kaeleigh Holt-Tull, the daughter of Jim Holt, a former member of the Arkansas General Assembly. Reportedly, the Holts and Duggars formerly attended the same church. The sources claim Josh and Kaeleigh’s “betrothal” was ended after her father ran for U.S. Senate in 2004, lost the election, then started looking for “sin in the camp” to explain his failure — and discovered Josh had molested his younger sisters. Kaeleigh was apparently wed in 2014 and is now a mom. When contacted by *Star*, her sister, Karessa Holt, commented: “I was instructed not to say anything on the matter. We have not been talking to anyone.”

NO WAY OUT

To make matters worse, Anna’s whole life as been uprooted as a result of her husband’s scandal. Not only has Josh left his job as a lobbyist for the Family Research Council, but their family may be moving out of their upscale Washington, D.C., home and heading back to Arkansas to be with his family. Once they’re firmly ensconced in the Duggars’ world, Anna will be separated from larger society,

Jim Bob & Michelle Duggar

with no space to heal. “She feels trapped. If she leaves Josh to stay with her parents for a while, people will say she’s abandoned him,” the insider says. “Not that her parents would encourage that. Just like Josh’s parents, **Jim Bob** and **Michelle**, I think they’re determined to make Anna act like she has faith in her husband to protect the Duggar family brand.”

And Anna, who was only 20 when she married Josh, has no financial recourse outside her husband and his family. “She’s worried, because there’s no way she can take care of their children alone,” the source adds. “She is stuck in the Duggar PR machine and feels completely alone. She’s utterly helpless in this horrible situation.” ★

Parental Pressure

While it’s no surprise that Jim Bob and Michelle Duggar are pushing Anna to stand by Josh for the sake of their brand, Anna’s own parents are doing the same! “In my opinion, they have no regard for their daughter’s — or their grandchildren’s — well-being,” a source says. “They knew Josh had done these horrible things before Anna married him, and they still encouraged her to start a family with him. Now I believe they’re pressuring her to stay with him even if it destroys her!”

Vanessa adds a youthful touch to her look by wearing her long Bongo skirt with a patterned shirt. *RHONJ* star Melissa's tank doesn't make for a memorable ensemble.

Their style is on fire in this Alexander Wang crop top! The E! host wears it with a playful pleated mini, while NeNe's pairing with the matching skirt is more expected.

Beyoncé

There is nothing mellow about this yellow! All three ladies sport bright Zadig & Voltaire pieces. Queen Bey easily defends her title by showing some skin — displaying a color-coordinated bra — without going over the top. The others are flops: Kelly's blazer is the most boring way to wear the bold hue, and Juliette's baggy styling just misses the mark.

Q&A

KATHLEEN ROBERTSON

The star of *Murder in the First* unloads about the hit crime drama.

“My brother-in-law in Canada is a sergeant, and I pick his brain a lot,” says Kathleen. “The one thing about being a cop is, it’s never not with you.”

Murder In The First

Premieres Monday, June 8, at 10PM on TNT

Q&A

What’s new this season?

Each season focuses on new characters and a different high-profile murder, from the investigation to the trial and verdict. There’s a disturbing school bus shooting and then a murder at the station where we work.

What can we expect from Hildy this season?

Hildy has a job where she deals with the worst of the worst of humanity, then goes home and is a single mom with a daughter. So she really questions whether she should be doing this, because she’s emotionally invested and can’t completely shut herself off.

Will Hildy and Terry continue to hook up?

Their relationship is complicated — they can’t help

themselves. Terry is the guy she should be with, but she doesn’t want to ruin the one relationship with a man that actually works.

Did you and Taye ever work together before?

We never even met before, and now we’re like an old married couple! Thank God we get along and have laughs together, or else it would be hard.

As a mom, is it difficult to shut off playing this character?

My son is obsessed that I’m playing a police officer — he thinks it’s the coolest thing ever! When I come home, all he wants to talk about is what scenes we shot and did I kill any bad guys. He tells his kindergarten buddies, “My mom has a gun!” Which is mortifying to me. I’m like, “I don’t have a gun; it’s my character!” ★

“We really focus on the characters, which is what I think people care about most,” says Kathleen.

Brother Vs. Brother

Airs Wednesdays at 9PM on HGTV

5 Minutes With The Scott BROTHERS

The hunky house-flipping twins go head-to-head to see who has the best home-makeover mojo!

TAKING sibling rivalry to a new level, HGTV's handsome twin-brother house flippers (and former child stars) **Jonathan** and **Drew Scott**, 37, have taken a break from helping new homeowners remodel the house of their dreams to compete against each other. On the new season of *Brother vs. Brother*, they're given \$300,000 to buy, refurbish and sell a home in Las Vegas, and whoever makes the biggest profit wins. The brothers told *Star* all about it.

What are your brother's strengths and weaknesses?

Jonathan: Strength...he is a perfectionist. Weakness...he is a perfectionist!

Drew: Jonathan is great at creating designs that speak to homeowners' personalities. Weakness? Have you seen Jonathan play golf? [Laughs.]

Who is better looking?

D & J: The original — JD, our older brother.

What's the most important thing to remember when flipping a house?

D: Don't get emotional. Investing in a house is a big deal, but you have to be

objective. Potential buyers may not have the same tastes as you do. When you're renovating to sell, you want to design it so that anyone walking in can imagine themselves living there.

How bad are the houses you flip this season?

J: They are *baaad!* Run-down, with code violations and zero aesthetic appeal.

D: But that's what we want. Most of the time, the more run-down, the better.

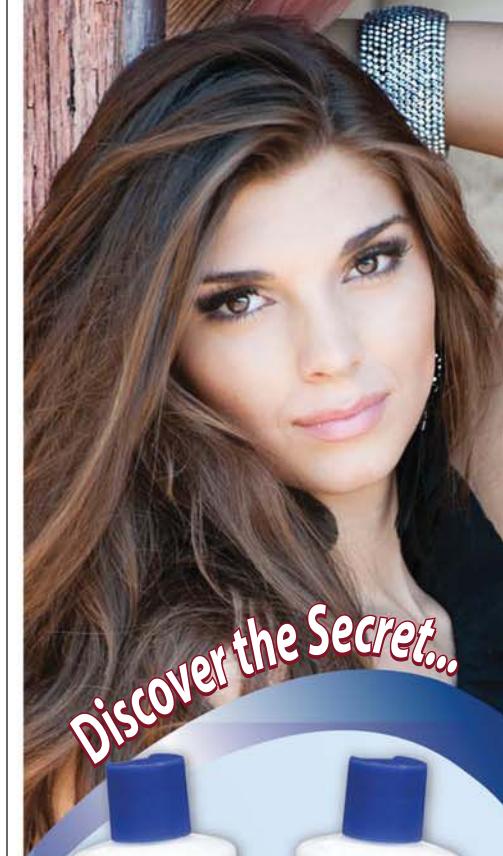

What are your favorite design trends?

J: I love when spaces have personality and when decor pieces have stories behind them. It makes the atmosphere in the room that much more relatable, comfortable and memorable.

Any plans to act again?

D: I've been keeping my eye open for that perfect role. If they want me in the next *Avengers*, I'll take it!

J: I still love acting, but my main plan is producing my full-stage illusion show. We're just a little bit busy right now making magic happen in families' homes! ★

A Cutting NEW COMEDY

From left: Mike Castle, Lauren Lapkus, Ryan Pinkston, Matt Cook and Ashley Tisdale.

There's plenty of blowouts on the new salon-set comedy *Clipped*!

On the new comedy *Clipped*, **Ashley Tisdale** leads an ensemble of hilarious hair cutters at Boston's Buzzy's Barbershop who all have dreams of bigger and better things. That includes Ashley's character Danni, a quick-witted beauty with aspirations of a singing career, and

A.J. (**Mike Castle**), a former high school baseball star desperate to make it in pro ball, and Danni's old fling, whom she still has feelings for.

And Ashley, who burst on the scene singing and dancing in *High School Musical*, gets the chance to show off her vocal chops, albeit at a karaoke bar, as Danni

pursues her singing career. She's also well prepared to play a barber. The cast went to classes to learn the basics of hairstyling, since they're actually cutting and combing actors' locks while filming. But Ashley has a leg up on her costars, as she explains, "I spent so much time in hair salons, I feel like I was made to play this part!" *

8 IS ENOUGH!

Meld minds with total strangers on this far-out new series.

YOU may have felt like you had a strange connection to a stranger, but you've never felt anything like this. The mind-bending new sci-fi series *Sense8*, from **Lana** and **Andy Wachowski**, the siblings who created *The Matrix*, spans the globe to find eight strangers from cities as disparate as Mumbai, London, Seoul, Mexico City and Chicago. They witness a disturbing incident and are then psychically connected to one another mentally and emotionally with the ability to harness one another's skills and pop up in one another's minds.

"As they are trying to understand what's happening to them, they

are being hunted and have to fight for their survival," Indian actress **Tina Desai**, who plays sensate Kala, tells *Star*. The multiethnic cast also stars **Daryl Hannah**, **Naveen Andrews** and **Terrence Mann** and was shot on location in the eight different cities, making for a truly international and wide-ranging feel. "There is tremendous scope for experimentation," says Tina. "I told the Wachowskis I understood the story after reading the first three episodes. But when I read the rest of them, I realized I was completely wrong! But they enjoyed my guesses. It's thought-provoking and allows for personal interpretation." *

MOVIES

Paul Dano (left) plays a young Brian Wilson, while John Cusack plays Wilson in the '80s.

→ LOVE & MERCY

This fascinating look at the creative process and the toll it takes focuses on the real life of Beach Boys legend **Brian Wilson**, in two distinct parts of his life. Part of the film explores a young Brian (played by **Paul Dano**) in the mid-1960s, as he slowly comes unhinged while recording *Pet Sounds*, Wilson's attempt to match the brilliance of the Beatles by producing the Beach Boys' greatest album. The other part looks at an older Brian in the 1980s (played by **John Cusack**), a victim of drugs and mental illness. Struggling to put his life back together, he meets a woman (**Elizabeth Banks**) who

eventually comes to help him. But first he must break the grip of psychotherapist Eugene Landy (**Paul Giamatti**), whose "treatment" feels like punishment. Both Dano and Cusack capture the genius mixed with insecurity that seems to define Wilson. Cusack, in particular, finds the haunted affect of a man who can't quite believe that he deserves to be happy. The music is great, the story dramatic and insightful — and the whole cast is strong.

LONG STORY SHORT: A must-see film with the summer's best soundtrack.

→ HANNIBAL

Premieres Thursday, June 4, at 10PM on NBC

The return of the series some people can't live without finds homicidal maniac Dr. Hannibal Lecter (**Mads Mikkelsen**) living under an alias in Paris — where he's on the run from both Jack Crawford (**Laurence Fishburne**) and Will Graham (**Hugh Dancy**) — in the company of Dr. Bedelia Du Maurier (**Gillian Anderson**). If you're just now discovering this series, based on the characters from **Thomas Harris'** novels *Red Dragon* and *The Silence of the Lambs*, you probably will be completely confused. The plotting is complex, and the way it is shot is more about mood and atmosphere than story exposition, sort of like a European art film. Yet it manages to work within the confines of a weekly TV drama — and on a network, no less. Go binge watch the first two seasons, then join in the fun.

→ENTOURAGE

You don't have to be a fan of the popular inside-showbiz sitcom that ran on HBO from 2004–11 to quickly figure out who everyone is in this film version. Movie star Vincent Chase (**Adrien Grenier**) is coming out of a brief marriage and looking for a new project. When his fast-talking former agent Ari Gold (**Jeremy Piven**) brings him a modern version of *Dr. Jekyll & Mr. Hyde*, Vinnie wants to star and direct. But when he goes over budget, he runs afoul of the studio's financier (**Billy Bob Thornton**) and his wannabe movie-mogul son (**Haley Joel Osment**). All the characters in Vince's posse have their own subplot — including Turtle's (**Jerry Ferrara**) romance with real-life MMA champ **Ronda Rousey** and Eric (**Kevin Connolly**) having his first child — but only Ari's story line actually has some laughs, including a hilarious marriage counseling session with his wife (**Perrey Reeves**). Otherwise, this brofest with dozens of celebrity cameos scores roughly the same number of solid jokes as a really good episode of the TV show.

LONG STORY SHORT: Even if you loved the show, it feels thin. ★★☆☆

Great things await. Don't dwell on the past — concentrate on the future, especially when it's about your personal life. You have a lot to offer, so show off your creative side to wow everyone.

CANCER

JUNE 21-JULY 22

You work hard, and you're heading for a lucky-in-money moment. For lasting love, get in touch with what your heart desires and accept nothing less.

LEO

JULY 23-AUG. 22

Stand by — there's a sensual connection in your future. If you feel you should have accomplished more by this time in your life, take a deep breath, count your blessings and draw up a plan of action.

VIRGO

AUG. 23-SEPT. 22

When there's a sensitive issue you need to discuss with a friend, coworker or lover, it's not only the words that matter, it's how you say them. Clutter at work or home can clutter your mind.

LIBRA

SEPT. 23-OCT. 22

Travel is in your star chart, or you find yourself communicating with someone from a faraway place. To succeed at work, focus on the job to meet deadlines.

SCORPIO

OCT. 23-NOV. 21

A development may steer your life in an unexpected direction — and possibly bring fame and fortune. A change in your schedule can open the door to love.

SAGITTARIUS

NOV. 22-DEC. 21

Personal and professional relationships are the key to success now — mix and mingle with the right people. There is good luck on the horizon; be confident.

CAPRICORN

DEC. 22-JAN. 19

Everyone needs love, but for you it's important to also make a difference with your work. Look for a solid and serious relationship; and at work, ask for what you're worth — don't shortchange yourself.

AQUARIUS

JAN. 20-FEB. 18

Be alert to the possibility of meeting someone special now. But don't be hasty, especially as Mercury is retrograde. After all, what's the rush? Take your time and think through your next move.

PISCES

FEB. 19-MARCH 20

There's a lot of action in your life, with new projects, personal plans and work ventures — and they all demand attention. Take care of one thing at a time and get ready to embrace the success that is just around the corner.

ARIES

MARCH 21-APRIL 19

Meeting with like-minded people is positive in all aspects of life. When you ooze confidence, your attraction factor is hot. Your mind is sharp, but don't rush a life-changing decision. Wait till next week for more clarity.

TAURUS

APRIL 20-MAY 20

Before you start looking for a new love, don't be too quick to end a relationship. Nobody's perfect, and life comes with a certain amount of compromise. Past issues can magically clear up this week. At work, be creative to win the game.

You pile your plate with lots of salads, burgers and wieners since they're quick and yummy. You aim to please guests, but instead of worrying about medium rare or well done, you just enjoy.

MOSTLY B: You love well-seasoned foods with melted cheeses, condiments and sauces. You enjoy entertaining and always shop for good quality food. You're a planner and always have lots of goodies in the cupboard for guests and family. You love barbecues and can polish off healthy portions. Enrique BLEEDS FOR HIS FANS

ALL he needs...are some Band-Aids and peroxide! During a concert in Tijuana, Mexico, as a regular part of his Sex and Love tour, singing heartthrob

Enrique Iglesias interacted with a camera drone to give the audience an up-close-and-personal look. But this time, something went wrong — and the drone blades badly cut his right hand.

Even though he began to bleed profusely, Enrique continued with the show, a blood-stained heart on his white shirt with his hand. At one point, he ran backstage to get it bandaged up, then played for an extra 30 minutes. Immediately after the show, he was flown to a Los Angeles hospital. "Thank you to all for your concern and good wishes. Enrique is currently undergoing reconstructive hand surgery today," said a statement on his website. Get well soon! ★
